CF-T1.0AL250V	CL001	Power	Fuse T1,0AL250V 5x20mm (10 pcs)		For CL001-220 On mainboard	N		1:10
CF-T0.5AL250V	CL002, CL007, CL007N, CL014, CM001 & CM001N	Power	Fuse T0,5AL250V 5x20mm (10 pcs)		At the backside (CL002, CL007, CL007N) On mainboard (CL014) For CM001(N) until SN 103592	N		1:10
CL007-S01	CL007 & CL007N	Main Assembly	Rubber ring		Replace when usage is visible	(Y)		
CL007-S02-110	CL007 & CL007N	Main Assembly	Motor - 110V			N		
CL007-S02-220	CL007 & CL007N	Main Assembly	Motor - 220V	Picture / Photo		N		
CL007-S03	CL007 & CL007N	Main Assembly	Driven pulley	Picture / Photo		N		
CL007-S04	CL007 & CL007N	Main Assembly	Plastic gear	Picture / Photo		N		
CL007-S05	CL007 & CL007N	Main Assembly	Plastic fixer for driven pulley			N		
CL007-S06	CL007 & CL007N	Main Assembly	ON/OFF switch			N		
CL007-S07	CL007 & CL007N	Main Assembly	Rubber foot/support		4 per instrument	N		
CL008-S01A-110	CL008	Main Assembly	Motor driver PC board - old, 110V		Until SN 1406..... Not compatible with newer models	N		
CL008-S01A-220	CL008	Main Assembly	Motor driver PC board - old, 220V		Until SN 1406..... Not compatible with newer models	N		
CL008-S01B-110	CL008	Main Assembly	Motor driver PC board - new, 110V		From SN 1409.....on Not compatible with older models	N		
CL008-S01B-220	CL008	Main Assembly	Motor driver PC board - new, 220V		From SN 1409.....on Not compatible with older models	N		
CL008-S02A-110	CL008	Main Assembly	DISPLAY - RPM/TIME PC board (old, 2		Until SN 1101..... Not compatible with newer models	N		
CL008-S02A-220	CL008	Main Assembly	DISPLAY - RPM/TIME PC board (old, 2		Until SN 1101..... Not compatible with newer models	N		
CL008-S02B-110	CL008	Main Assembly	DISPLAY - RPM/TIME PC board (new, 1		From SN 1102000 on Not compatible with older models or CL008N	N		
CL008-S02B-220	CL008	Main Assembly	DISPLAY - RPM/TIME PC board (new, 1		From SN 1102000 on Not compatible with older models or CL008N	N		
CL008-S04A	CL008	Main Assembly	Rubber gasket (old)		Replace when usage is visible Until SN 1308..... Not compatible with newer models Includes height adjustment piece	Y		
CL008-S05A-110	CL008	Main Assembly	Motor- old, 110V		Until SN 1406..... NOT compatible with newer models	N		
CL008-S05B-110	CL008	Main Assembly	Motor - new, 110V		From S/N 1503.... On also compatible with older SN	N		
CL008-S05B-220	CL008	Main Assembly	Motor - new, 220V	Picture / Photo	From S/N 1503.... On also compatible with older SN	N

Item Code	Analyzer	System	Description	See picture	Comments	Consumable	Replacement interval	Suggested stock (for analyzers only)
CL008-S05B-220-CK	CL008	Main Assembly	Compatibility kit for new motor for cei		S/N 14090009 - 14090058 (available on request with order of CL008-S05B and mentioning of SN)	N		
CL008-S11A	CL008	Main Assembly	Variable resistance for speed (OLD)		Until S/N 1406.... Not compatible with newer models	N		
CL008-S11B	CL008	Main Assembly	Variable resistance for speed (NEW)		From S/N 1409.... On Not compatible with older models	N		
CL008-S14	CL008	Main Assembly	Transformer for fan			N		
CL008-S18	CL008	Main Assembly	Front label		Do NOT reattach the old label with (super)glue. Reattach with doublesided tape or use a new front label.	N		
CF-T3.15AL250V	CL008 & CL008N	Power	Fuse T3.15AL 250V 5x20mm (10 pcs)		At the back of CL008-220 and CL008N-220	N		1:10
CL008/9-S08	CL008 & CL009	Main Assembly	Power switch		Not compatible with CL008N or CL009N	N		
CL008/9-C-A	CL008 & CL009	Accessories & Consumables	Carbon brush (pair) - old	Picture / Photo	Replace every 500 working hours, Replace every 200h if use is >5-6h/days CL008 until SN 1406... For CL008-S05A motor - not compatible with CL008-S05B For all CL009	Y		
CL008/15-S04B	CL008, CL008N & CL015	Main Assembly	Silica gasket (new)		Replace when usage is visible Includes height adjustment piece For CL008 from SN 13090130 on Not compatible with older models For all CL008N and for all CL015	Y		
CL008/9N-C-B	CL008, CL008N, CL009 & CL009N	Accessories & Consumables	Carbon brush (pair) -new	Picture / Photo	Replace every 500 working hours, Replace every 250h if use is >5-6h/days CL008 from SN 1409.... on For CL008-S05B motor - not compatible with CL008-S05A For all CL008N For all CL009N	Y		
CL008/9-S06-110	CL008, CL008N, CL009 & CL009N	Main Assembly	Lid lock - 110V		From SN 1307... a new lid lock is used. The old and new model are interchangeable. Includes height adjustment piece	N		
CL008/9-S06-220	CL008, CL008N, CL009 & CL009N	Main Assembly	Lid lock - 220V		From SN 1307... a new lid lock is used. The old and new model are interchangeable. Includes height adjustment piece	N		
CL008/9-S07	CL008, CL008N, CL009 & CL009N	Main Assembly	Speed sensor			N

CL008/9-S19-110	CL008, CL008N, CL009 & CL009N	Main Assembly	Coil for AC filter 110V		Including capacitor	N		
CL008/9-S19-220	CL008, CL008N, CL009 & CL009N	Main Assembly	Coil for AC filter 220V		Including capacitor	N		
CF-T6.3AL250V	CL008, CL008N, CL009 & CL009N	Power	Fuse T6.3AL 250V 5x20mm (10 pcs)		At the back of CL008-110 and CL008N-110 At the back of CL009-220 and CL009N-220 On motor driver board of CL008-220	N		1:10
CF-T8.0AL250V	CL008, CL008N, CL009 & CL009N	Power	Fuse T8.0AL 250V 5x20mm (10 pcs)		On motor driver board of CL008-110 At the back of CL009-110 and CL009N-110	N		1:10
CL008/15-S10	CL008, CL008N, CL009, CL009N & CL015	Accessories & Consumables	Tube adaptors 5-7 ml (8 pcs)			N		
CL008/9/15-S09	CL008, CL008N, CL009, CL009N & CL015	Accessories & Consumables	Emergency opening bar			N		
CL008/9/15-S03	CL008, CL008N, CL009, CL009N & CL015	Main Assembly	Hinge		2 per instrument Includes height adjustment piece	N		
CL008/9/15-S12	CL008, CL008N, CL009, CL009N & CL015	Main Assembly	Motor mount (1 pcs)		6 per instrument Replace when motor has become unbalanced Recommended to change all 6 together	(Y)		
CL008/9/15-S13	CL008, CL008N, CL009, CL009N & CL015	Main Assembly	Fan			N		
CL008/9/15-S15	CL008, CL008N, CL009, CL009N & CL015	Main Assembly	Rubber foot/support (1 pcs)		4 per instrument	N		
CL008/9/15-S17	CL008, CL008N, CL009, CL009N & CL015	Main Assembly	Height adjustment for lid		Upon replacing the lidlock, the gasket or the hinges, it might be necessary to (slightly) adjust the height of the lid.	N		
CL008/9-S16-110	CL008, CL008N, CL009, CL009N & CL015	Main Assembly	Break resistor 110V			N		
CL008/9-S16-220	CL008, CL008N, CL009, CL009N & CL015	Main Assembly	Break resistor 220V			N		
CL008N-S01-110	CL008N	Main Assembly	Motor driver PC board - 110V		Only for CL008N-110 Not compatible with CL008	N		
CL008N-S01A-220	CL008N	Main Assembly	Motor driver PC board type A - 220V	Picture / Photo	Only for CL008N, for SN 170200xx Not compatible with CL008	N		

Price list data (dynamic)

Item Code	Analyzer	System	Description	See picture	Comments	Consumable	Replacement interval	Suggested stock (for analyzers only)
CL008N-S01B-220	CL008N	Main Assembly	Motor driver PC board type B - 220V	Picture / Photo	Only for CL008N, from SN 1703xxxx on Not compatible with CL008	N		
CL008N-S02-110	CL008N	Main Assembly	DISPLAY - RPM/TIME PC board - 110V		Only for CL008N-110 Not compatible with CL008-110	N		
CL008N-S02-220	CL008N	Main Assembly	DISPLAY - RPM/TIME PC board -220V	Picture / Photo	Only for CL008N-220 Not compatible with CL008-220	N		
CL008N-S18	CL008N	Main Assembly	Front label		Do NOT reattach the old label with (super)glue. Reattach with doublesided tape or use a new front label.	N		
CL008/15-S21	CL008N, CL009N, CL015	Accessories & Consumables	Tube adaptors 10-15mL (8pcs)			N		
CL008N/9N/15-S08	CL008N, CL009N, CL015	Main Assembly	Power switch		Not compatible with CL008 or CL009	N		
CL009-S10	CL009	Accessories & Consumables	Rubber for rotor (black)		Replace when usage is visible	Y		
CL009-S01-220	CL009	Main Assembly	Motor driver PC board (old) 220V		For SN untill 1204120 Not compatible with newer models	N		
CL009-S02A-220	CL009	Main Assembly	PC board for display (old, 2 pcs) 220V		For SN starting from 1012448 Not compatible with newer models	N		
CL009-S02B-110	CL009	Main Assembly	Display & Motor driver PC board (1 pc:			N		
CL009-S02B-220	CL009	Main Assembly	Display & Motor driver PC board (new,		For SN from 1102000 on Not compatible with older models	N		
CL009-S04A	CL009	Main Assembly	Rubber gasket for lid (old, red)		Replace when usage is visible Until SN 1308..... Not compatible with newer models Includes height adjustment piece	Y		
CL009-S04B	CL009	Main Assembly	Silica gasket for lid (new, red)		Replace when usage is visible From SN 13090130 on Not compatible with older models Includes height adjustment piece	Y		
CL009-S05-110	CL009	Main Assembly	Motor - 110V		12.000 rpm Only for CL009-110 Not compatible with CL009N-110	N		
CL009-S05-220	CL009	Main Assembly	Motor - 220V		12.000 rpm Only for CL009-220 Not compatible with CL009N-220	N		
CL009-S11	CL009	Main Assembly	Rotor			N		
CL009-S14	CL009	Main Assembly	Transformer for fan			N		
CL009-S18	CL009	Main Assembly	Front label		Do NOT reattach the old label with (super)glue. Reattach with doublesided tape or use a new front label.	N

CL009N-S02-110	CL009N	Main Assembly	Digital display & Motor driver PC board		Only for CL009N-110 Not compatible with CL009-110	N		
CL009N-S02-220	CL009N	Main Assembly	Digital display & Motor driver PC board	Picture / Photo	Only for CL009N-220 Not compatible with CL009-220	N		
CL009N-S05-110	CL009N	Main Assembly	Motor - 110V		12.000 rpm Only for CL009N-110 Not compatible with CL009-110	N		
CL009N-S05-220	CL009N	Main Assembly	Motor - 220V	Picture / Photo	12.000 rpm Only for CL009N-220 Not compatible with CL009-220	N		
CL009N-S18	CL009N	Main Assembly	Front label		Do NOT reattach the old label with (super)glue. Reattach with doublesided tape or use a new front label.	N		
CL010-C	CL010	Accessories & Consumables	Flat cover			N		
CL010-R	CL010	Accessories & Consumables	Test tube rack 50 places			(Y)		
CL010-S02	CL010	Main Assembly	Sensor			N		
CL010-S03-110	CL010	Main Assembly	Heater- 110V			N		
CL010-S03-220	CL010	Main Assembly	Heater- 220V	Picture / Photo		N		
CL010-S04	CL010	Main Assembly	PID controller -	Picture / Photo	Includes new front label	N		
CL010-S09	CL010	Main Assembly	Front label		After PCB or PID replacement, reattach with doublesided tape (NOT super glue) or use a new front label. New front label available on request with order of PCB or PID (mention SN)	N		
CF-CB-T10.0AL250V	CL010	Power	Circuit breaker T10.0AL250V		Used for CL010-110 from S/N 1904.... on Compatible with older instruments	N		1:10
CF-CB-T5.0AL250V	CL010	Power	Circuit breaker T5.0AL250V		For CL010-220	N		1:10
CF-CB-T4.0AL250V	CL010, CL011	Power	Circuit breaker T4.0AL250V		Used for CL010-220 until S/N 1902.... Use CF-CB-T5.0AL250V in case of replacement For CL011-110 and CL011-220	N		1:10
CL010/11/12-S01CABLE	CL010, CL011 & CL012	Main Assembly	Over-temperature connection cable for		When replacing PCB type A with PCB type B, C or D, and you want to add the over-temperature safety, it is necessary to order and install this cable as well	N		
CL010/11/12-S01D-110	CL010, CL011 & CL012	Main Assembly	PC Board - 110V (type D)		Type D with audible alarm for over-temperature. For CL011 Compatible with CL010 and CL012(N)	N		
CL010/11/12-S01D-220	CL010, CL011 & CL012	Main Assembly	PC Board - 220V (type D)	Picture / Photo	Type D with audible alarm for over-temperature. For CL011 Compatible with CL010 and CL012(N)	N		

Price list data (dynamic)

Item Code	Analyzer	System	Description	See picture	Comments	Consumable	Replacement interval	Suggested stock (for analyzers only)
CL010/11/12-S07	CL010, CL011 & CL012	Main Assembly	Solid state relay			N		
CL010/11/12-S10	CL010, CL011 & CL012	Main Assembly	EMI filter			N		
CL010/11/12-S01C-110	CL010, CL011 & CL014	Main Assembly	PC Board - 110V (type C)		Type C with over-temperature connection. For CL010 and CL012(N) Compatible with CL011	N		
CL010/11/12-S01C-220	CL010, CL011 & CL015	Main Assembly	PC Board - 220V (type C)	Picture / Photo	Type C with over-temperature connection. For CL010 and CL012(N) Compatible with CL011	N		
CF-CB-T8.0AL250V	CL010, CL012 & CL012N	Power	Circuit breaker T8.0AL250V		Used for CL010-110 until S/N 1902.... Use CF-CB-T10.0AL250V in case of replacement For CL012(N)-220	N		1:10
CL011-S02	CL011	Main Assembly	Thermostat	Picture / Photo		N		
CL011-S04-110	CL011	Main Assembly	Heater - 110V			N		
CL011-S04-220	CL011	Main Assembly	Heater - 220V	Picture / Photo		N		
CL011-S05	CL011	Main Assembly	PID controller		Includes new front label	N		
CL011-S06	CL011	Main Assembly	Temperature sensor			N		
CL011-S09	CL011	Main Assembly	Front label		After PCB or PID replacement, reattach with doublesided tape (NOT super glue) or use a new front label. New front label available on request with order of PCB or PID (mention SN)	N		
CL011/12-S08	CL011 & CL012	Main Assembly	Rubber gasket (red)		Replace when usage is visible	Y		
CL012-S02	CL012 & CL012N	Main Assembly	Thermostat	Picture / Photo		N		
CL012-S04-110	CL012 & CL012N	Main Assembly	Heater - 110V			N		
CL012-S04-220	CL012 & CL012N	Main Assembly	Heater - 220V	Picture / Photo		N		
CL012-S05	CL012 & CL012N	Main Assembly	PID controller		Only for CL012 Not compatible with CL012N Includes new front label	N		
CL012-S06	CL012 & CL012N	Main Assembly	Temperature sensor			N		
CL012-S09	CL012	Main Assembly	Front label of CL012		After PID or PC board replacement Do NOT reattach the old label with (super)glue. Reattach with doublesided tape or use a new front label.	N		
CF-CB-T15.0AL250V	CL012	Power	Circuit breaker T15.0AL 250V		For CL012(N)-110	N		1:10
CL012N-S05	CL012N	Main Assembly	PID controller with timer function		Only for CL012N Not compatible with CL012	N		
CL012N-S09	CL012N	Main Assembly	Front label of CL012N		After PID or PC board replacement Do NOT reattach the old label with (super)glue. Reattach with doublesided tape or use a new front label.	N		
CL014-C1	CL014	Accessories & Consumables	Magnetic stirrer bar 25 x 8 mm			(Y)

CY009-S20A	CY009	Main Assembly	Touch screen (Type A)		For SN BS6GHxxx Software version 1.0.11B & 1.0.11 Includes CY009-S19 touchscreen cable	N		1:10
CY009-S20B	CY009	Main Assembly	Touch screen (Type B)		For all other SN Software version 1.1.1B or higher Includes CY009-S19 touchscreen cable	N		1:10
CY009-S34	CY009	Main Assembly	Temperature sensor (optical & incubat			N		1:10
CY009-S42	CY009	Main Assembly	Case			N		
CY009-S51	CY009	Main Assembly	Incubating block/ heating block			N		1:10
CY009-S52	CY009	Main Assembly	Heater element for incubator with ten			N		1:10
CY009-S56	CY009	Main Assembly	USB cable		For connection with PC software	N		1:10
CY009-S01	CY009	Optic Assembly	Optical Assembly		Correct alignment with filter wheel motor Does not include filters, lamp, flowcell, heater, sensors, fan or amplifier board	N		
CY009-S11	CY009	Optic Assembly	Lamp (with frame, cable and connecto	Picture / Photo	Replace every 2000 hours/year Connection directly on main board (6V 10W)	Y	1Y	1:2
CY009-S12	CY009	Optic Assembly	Motor of filter wheel			N		1:10
CY009-S33	CY009	Optic Assembly	Pre-amplifier board with cable			Y	2Y	1:2
CY009-S24B	CY009	Power	Power supply (type B)	Picture / Photo	From SN BS6Ilxxx; P/D 2017/03/01 on Compatible with older instruments Cables and support included	N		1:10
CY009-S46	CY009	Power	Power plug connector (seat)			N		1:10
CF-T2.0AL250V	CY009, CL001, CL015	Power	Fuse T2,0AL250V 5x20mm (10 pcs)		2 per instrument, at the backside (CY009) On mainboard (CL001) At the backside (CL015)	(Y)		1:10
CY010-S001	CY010	Accessories & Consumables	CYANCyte 560 Maintenance kit	Picture / Photo		Y	1Y	1:5
CY010-S003	CY010	Accessories & Consumables	Needle cleaner wire		Or part of specific toolkit CY010-S005	N		1:5

Price list data (dynamic)

Item Code	Analyzer	System	Description	See picture	Comments	Consumable	Replacement interval	Suggested stock (for analyzers only)
CY010-S005	CY010	Accessories & Consumables	CYANCyte 560 Specific toolkit	Picture / Photo	Contains sample collar tool, UNF tools (2 types), UNF-UNF connector (2), tube connectors (2 types), needle cleaning wire (CY010-S003)	N		1:5
CY010-S007	CY010	Accessories & Consumables	Wifi Dongle		Wireless 11n 150 Mbps USB Adapter	N		
CY010-S009	CY010	Accessories & Consumables	Cleaning vials (3 pcs)		For needle cleaning process	Y		1:1
CY010-S078	CY010	Accessories & Consumables	Fuse F3.5A125V SMD (10 pcs)		On source board (S077)	(Y)		1:5
CY010-S089	CY010	Accessories & Consumables	External power supply		Power cord not included	N		
CY010-S046	CY010	Electronic Assembly	Pressure sensor board			N		
CY010-S070	CY010	Electronic Assembly	LILIOM board	Picture / Photo	Battery is part of maintenance kit (S001) Or part of display panel module (S085)	N		
CY010-S071	CY010	Electronic Assembly	Speaker			N		
CY010-S072	CY010	Electronic Assembly	COLIBRI board	Picture / Photo		N		
CY010-S073	CY010	Electronic Assembly	HVDCDC board	Picture / Photo	High voltage generator board	N		
CY010-S074	CY010	Electronic Assembly	FCTRL board	Picture / Photo	Fluidics control board	N		
CY010-S075	CY010	Electronic Assembly	Start button board	Picture / Photo		N		
CY010-S076	CY010	Electronic Assembly	COMCON board			N		
CY010-S077	CY010	Electronic Assembly	Source board		Including cable to Start button board	N		
CY010-S079	CY010	Electronic Assembly	LVDS adapter board	Picture / Photo	From display panel to LILIOM board Or part of display panel module (S085)	N		
CY010-S080	CY010	Electronic Assembly	IMP-AMP board	Picture / Photo	Impedance amplifier control board	N		
CY010-S081	CY010	Electronic Assembly	D5ACQ board	Picture / Photo	Data processing board (impedance & optical)	N		
CY010-S082	CY010	Electronic Assembly	Front panel camera			N		
CY010-S083	CY010	Electronic Assembly	Touch controller	Picture / Photo		N		
CY010-S085	CY010	Electronics	Display panel module		Incl. LCD display, LVDS adapter (S079), flat display cable, LILIOM board (S070) and metal carrier plate	N		
CY010-S011	CY010	Hydraulic system	Sample vial holder		Including o-ring and screw Or part of sample rotor module (S012)	N		
CY010-S012	CY010	Hydraulic system	Sample rotor module		Including motor, rotor disk, sensor set (S014), vial holder (S011), micro-switch (S020), blood sample sensor (S023) Without FCTRL board	N		
CY010-S014	CY010	Hydraulic system	Sample rotor latch sensor set		Or part of sample rotor module (S012)	N		
CY010-S015	CY010	Hydraulic system	Ceramic valve module	Picture / Photo	Including shear valve, needle (S016), washing head (S017), leak chamber (S018), blood sensor (S021), all connected tubes and SCTRL board	N		
CY010-S016	CY010	Hydraulic system	Piercing needle		With UNF and rubber o-ring Or part of yearly maintenance kit CY010-S001 or ceramic valve module (S015)	Y		1:5
CY010-S017	CY010	Hydraulic system	Needle washing head	Picture / Photo	Or part of ceramic valve module (S015)	N		
CY010-S018	CY010	Hydraulic system	Needle leak collection tray		Or part of ceramic valve module (S015)	N

Item Code	Analyzer	System	Description	See picture	Comments	Consumable	Replacement interval	Suggested stock (for analyzers only)
CY010-S019	CY010	Hydraulic system	Cable of needle washing head and lead			N		
CY010-S020	CY010	Hydraulic system	Piercing micro-switch	Picture / Photo	Or part of sample rotor module (S012)	N		
CY010-S023	CY010	Hydraulic system	Blood sample sensor	Picture / Photo	Or part of sample rotor module (S012)	N		
CY010-S024	CY010	Hydraulic system	Sampling system tube set	Picture / Photo	Including all tubes related to the sampling system, with connectors	(Y)		1:5
CY010-S037	CY010	Hydraulic system	Micro injector		Including motor and syringe	N		
CY010-S050	CY010	Hydraulic system	External reagent tube set			Y		1:5
CY010-S051	CY010	Hydraulic system	Reagent connector module		Plate with 5 metal nozzles	N		
CY010-S055	CY010	Hydraulic system	Injector module	Picture / Photo	Including motor, syringe and ICTRL board Without IFS or valves For FI, BI, WI, SI, LI, RI Neutral address	N		1:5
CY010-S056	CY010	Hydraulic system	Injector fluid sensor (IFS)		For FI, BI, WI, LI	N		
CY010-S057	CY010	Hydraulic system	RI injector fluid sensor (IFS)		Including cable and support	N		
CY010-S058	CY010	Hydraulic system	Valve (3/2)	Picture / Photo	Including cable, connector and sealing element For valves E, T, Q, F, K, B, A, W, N, I, L, R, C	N		1:5
CY010-S059	CY010	Hydraulic system	Valve (2/2)	Picture / Photo	Incl. cable, connector and sealing element For valve S	N		
CY010-S060	CY010	Hydraulic system	Valve manifold			(Y)		1:5
CY010-S062	CY010	Hydraulic system	Peristaltic pump tubes (2pcs)		Or part of yearly maintenance kit CY010-S001	(Y)	1Y	1:10
CY010-S063	CY010	Hydraulic system	Peristaltic pump			N		
CY010-S065	CY010	Hydraulic system	Internal reagent inlet tube set	Picture / Photo	All tubes related to internal reagent inlet, with connectors	(Y)		1:5
CY010-S086	CY010	Power	Front panel cable set	Picture / Photo		N		
CY010-S087	CY010	Power	LIN cable set	Picture / Photo		N		
CY010-S088	CY010	Power	Internal power cable		From power socket to SOURCE board	N		
CY010-S030	CY010	RBC Channel	Impedance module		Including RBC aperture module (S031), micro injector (S037), RBC mixer (S034), mix chamber (S035), RCTRL board, valves, all connected tubes	N		
CY010-S031	CY010	RBC Channel	RBC aperture module (70 µm)	Picture / Photo	Including aperture, duckbill valve, electrodes or part of impedance module (S030)	N		1:5
CY010-S033	CY010	RBC Channel	Electronic shield for RBC module			N		
CY010-S034	CY010	RBC Channel	RBC sample mixer with motor		Or part of Impedance module (S030)	N		
CY010-S035	CY010	RBC Channel	Mix and waste collection chamber		Or part of Impedance module (S030)	N		
CY010-S036	CY010	RBC Channel	RBC system tube set		All tubes related to the RBC channel, with connectors	(Y)		1:5
CY010-S040	CY010	WBC channel	Optical module	Picture / Photo	Including DHGB and OPT AMP boards and all connected tubes	N		
CY010-S041	CY010	WBC channel	Meander temperature module	Picture / Photo	Includng peltier, temperature sensor (S042) and radiator element	N		

Price list data (dynamic)

Item Code	Analyzer	System	Description	See picture	Comments	Consumable	Replacement interval	Suggested stock (for analyzers only)
CY010-S042	CY010	WBC channel	Meander temperature sensor		Or part of meander temperature module (S041)	N		
CY010-S043	CY010	WBC channel	WBC system tube set		All tubes related to WBC channel, with connectors	(Y)		1:5
CY010-S045	CY010	WBC channel	Pressure sensor			N		
CY011-S03	CY011	Accessories & Consumables	USB cable			N		
CY011-S05	CY011	Accessories & Consumables	Strip loader			(Y)		1:5
